References

We require two character references. One of these should be someone you know in a professional capacity (usually your employer, Church leader or Solicitor/Lawyer) and the other one should be a personal character reference given by someone whom you have known for at least two years (not a family member).

Please ensure that you nominate two people on your application form and include their name, full address and other contact details, as well as their relationship to you.

You will need to confirm that they are willing to provide a reference for you. The school will then get in touch with them to ask them to complete a reference. Their reference will be kept completely confidential.

Please provide two Character References (eg Employer, Church Leader, Solicitor/Lawyer) Please do not put family or close friends.
